

Pet Sitter Instructions

Goal: Make instructions for a pet sitter to follow!

You will need:

- Paper and pen

How to play:

• Pretend you will be leaving your pet with a sitter for a week and they need instructions on how to take care of your pet.

- While making your instructions think about:
 - When do they wake up?
 - When do they eat? What do they eat?
 - When do they play? What do they play with?
 - When do they sleep? Where do they sleep?
 - Do they go outside?
 - Are there any changes from day to day?

To think about:

- After you make the sitter instructions, what patterns do you notice?
- Measure out how much food your pet eats and how often.
 - Figure out the amount of food your pet would need for the time you are pretending to go.
 - Research or ask a parent how much the pet's food costs. According to your measurements how much will it cost to buy the right amount of food for the week you are gone.
