

Shape Scavenger Hunt

This is a game for two to four players.

Goal: Identify shapes in your everyday life!

You will need:

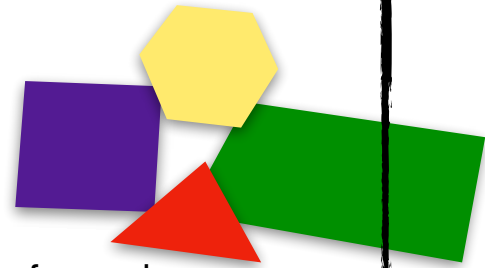

- Device (phone, tablet, digital camera) to take photos for each player
- Printed or written list of shapes for each player to find
- Timer

How to play:

- Each player will be looking for the shapes on the list around the house. They will need to use their own device to take a photo of where they found each of the shapes.
- When each player is ready, set a timer for 5 minutes and tell them to go! Give a warning when there is only 1 minute left.
- Whoever finds the most shapes on the list wins!

To think about:

- If you don't have access to a device to take photos, have the players draw the object/location of where they found the shape. Increase time to 10 minutes.
- Players could also team up in pairs to find the shapes if there are not enough devices.
- To simplify, shorten the list of shapes that need to be found.
- To increase difficulty, each player must find a unique object to represent each shape on the list. No two players can use the same object for the same shape.
- Make up your own list of shapes to find.

2. Square
3. Rectangle
