

A Day in Sid's Life

Goal: Create a timeline that shows Sid's daily routine on Aristotle Street.

You will need:

- Paper and Pen
- Color pencils
- A copy of the book *Six Dinner Sid*

What to do:

- Make a timeline of what Sid does at each house. Use pictures or words to describe what Sid does. Begin at the time Sid wakes up in the morning and end the timeline when Sid falls asleep at night.
- Think about Sid's daily routine
 - Where does Sid start his day? Where does he end it?
 - Where does Sid eat?
 - Where does Sid sleep?
 - Where does he play/have a task?
 - How many times in a day does Sid do each of these things?

Other things to do:

- Make a map of Aristotle Street and the route Sid takes to move from house to house.
- Make a timeline that describes your own daily routine. Which day of the week will you choose?
- Make a map of where you live.
