

Giant Animal Faces

Goal: Create animal faces with shapes.

You will need:

- Large foam (or cardboard) shapes

What to Do:

- Choose a favorite animal. What shapes do you see in the animal's face?
- Make the animal's face with at least three different shapes. What shapes will you use for the eyes, ears, mouth, snout, nose, horns, etc.?
- Arrange the shapes on the floor or a table.
- Layer and overlap the shapes.
- Ask people to guess what animal you made.

More to Do:

- Start with the animal face you created. Add or take away foam shapes to create a different animal. Tell someone what animal you started with and how you changed it to make a new animal.
- Create an animal face with a partner. Then figure out how you will change it to turn it into a tiger, an elephant, or a lion face.
- Create a fantasy animal face that you wish existed in real life. Tell someone what shapes you used to create the fantasy animal face.
