Clean Up!

A cooperative cleaning up game for two or more people.

Goal:

To practice counting while cleaning up.

You will need:

- One or two dice
- Items that need to be picked up and put away

What to do:

1. The youngest player rolls a dice and announces the number rolled.
2. If using two dice, add the numbers together.
3. All players find a corresponding number of objects to pick up and put away. Objects are put back where they belong before the next round of the game. The next player's turn begins when everybody has put everything away from the prior turn.
4. Players alternate rolling the dice and announcing the numbers.
5. Keep playing until everything has been picked up and put away.
